Interior Pools Finishes™ Collection

One of the most important features of your pool is its interior surface, which is why we offer finishes that provide upscale beauty and peace of mind for years to come. **Our interior finishes™ are soft to the touch, resistant to ultraviolet rays and bacterial growth,** and custom-manufactured for an exact fit. They are also far easier to clean than other surfaces, meaning less time working on your pool, and more time swimming in it!

exclusive liner

Select & Super Select Series

Upgrade your interior pool finish for additional protection against the elements and greater peace of mind:

SELECT SERIES features a 27 mil wall and a 20 mil floor thickness, for added protection where it's needed most.

SUPER SELECT SERIES offers a 27 mil wall and a 27 mil floor, giving you the ultimate protection. *White and Light Blue Super Select available in 25 mil only.

Our **TRUEDGE™** design technology enhances the visual appeal of your pool by eliminating the unnatural line of color at the top edge of most pool interior surfaces, giving your sidewall the true look of tiling craftsmanship.

Your Decor Options

classic: pages 4 - 9

The classic design originated from the European culture. The Greek and the Roman are the main inspirations of the classic design. Very elegant and ornate, the classic design never goes out of style!

geometric: pages 10 - 15

A geometric pattern is linear, consisting of geometric figures, such as triangles, rectangles, circles and squares. Geometric patterns are found in many places, including art and architecture, and they tend to be symmetrical. This creates a very clean, simple and sophisticated look.

contemporary: pages 16 - 21

Contemporary design is rooted in the moment as in this moment, the here and now. Smooth flowing profiles instead of ornamentation. A strong emphasis on line and form — two essentials of good design — gives contemporary style its energy.

Water Color

Look for our water color guide below each pattern

aqua

With color hues that will remind you of the Caribbean as the sand descends into the blue waters below your feet.

light

A light blue that turns your pool into a tropical beach paradise.

medium

Temperate medium-blue shades transports you to lands and antiquities half a world away.

dark

A dark sapphire hue whisks you away to the ocean's deepest waters, inviting you to explore all of the riches below its surface.

NOTE: This Water Color Guide is designed to give you an indication of the waters hue based on the interior finish you desire. However, the hue is subjective due to natural sunlight and the surrounding landscape which will affect the water color. Consult your dealer to choose the interior pool finish that will give you the results you are looking for.

PERFECT SEAM®

TECHNOLOGY

Perfection is improving something until it is as flawless as possible.

We have invested in state-of-the-art manufacturing equipment and combined it with time tested sealing methods. This allows us to make an interior pool finish that is as flawless as possible with seams that are less noticeable, strong and water tight!

Our Interior Pool Finishes™ are the finest made in the market today.

introducing **pearluster**[™]

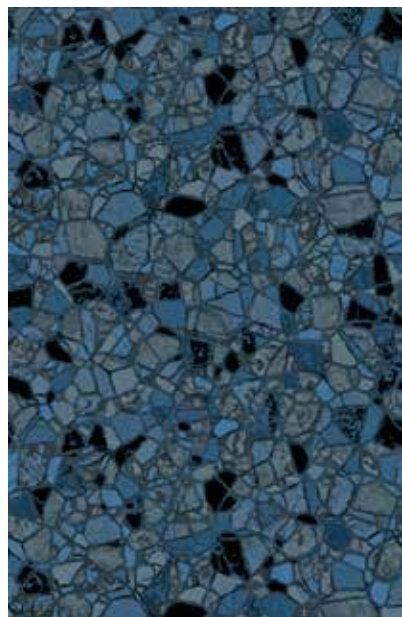

pearluster[™] INTERIOR FINISHES[™]

is an additional topcoat that gives your pools interior finish a mother-of-pearl luminance that actually shimmers as it basks in the sun's light. This is the latest in interior pool finish technology. We have 3 Pearluster[™] Interior Finishes[™] for you to choose from. All beautifully designed for your swimming pleasure.

Due to the nature of the material, and various pool angles, it is improbable that floor tiles or pattern repeats will align. This Water Color Guide is designed to give you an indication of the waters hue based on the interior finish you desire. However, the hue is subjective due to natural sunlight and the surrounding landscape which will affect the water color. Consult your dealer to choose the interior pool finish that will give you the results you are looking for.

RENEW & REMODEL

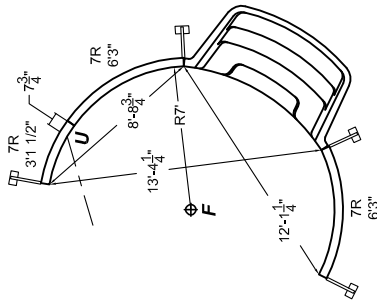

a new look for a new generation!

You don't need a new shape, style, or size to create a new poolscape. A stunning makeover is as simple as replacing your interior pool finish. It's simple, affordable, and usually just takes one day to complete. Choose from our many beautiful patterns and enjoy your remodeled, revitalized new pool!

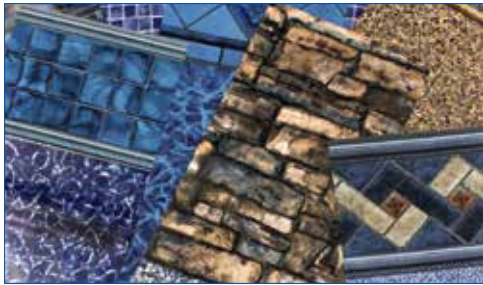

RENEW & REMODEL

Whenever the time is right to replace your pool's surface, put your trust in us, and benefit from our:

Handcrafted Quality - Our computer drafting precision ensures an exacting fit for any pool shape.

Vast Selection - Explore all the patterns available to you and see how there's an interior pool finish for every taste.

Watertight Protection - Our patented faceplate system creates an impermeable compression bond seal between your stairs and your interior pool finish, providing years of carefree enjoyment.

New Entrance System Opportunities - Refurbishing your pool's interior? There's no better time to enhance your swimming experience with a new bench, step, sun deck, cove, or other entry system! Choose from our many options of built-in or Tread-Loc® Steps, or design your own!

warranties

Our Generation Pool finishes carry 20 years of prorated coverage with the first 3 years covered in full. More comprehensive coverage is available to you through our **Liner Guard Warranty**. Ask your Generation Dealer for details.

safety

Your pool can give you, your family and guests many years of fun and relaxation. Take the responsibility for safety.

Any recreational activity that involves water poses a risk of personal injury. Swimming in an inground pool is no exception. Your awareness and understanding of safety practices and rules pertaining to the use of inground pools can reduce the risk of serious injury.

Read the Association of Pool and Spa Professionals' excellent brochure, "The Sensible Way To Enjoy Your Inground Pool", to learn how to avoid swimming related accidents.

Don't allow diving or jumping in your pool. Remember, alcohol consumption and swimming do not mix. Carefully supervise all the swimmers in your pool, especially small children. They're your responsibility. Always secure your pool from unsupervised and unauthorized use. Make sure signs, stickers and labels are posted and clearly visible and that rescue devices, such as life rings or ropes are nearby.

Swimmers using your pool are your responsibility. Visit <http://imperialpools.com/pool-safety-program> for understanding of safety practices and rules pertaining to the use of inground pools.
